The ABCs of Summer Pool Safety

Barnes Park Pool CPR demonstration.

While many people enjoy a nice day by the pool, safety should always be of the utmost importance. It doesn't take much for a fun day at the pool to turn dangerous.

Drowning is the number one killer of children under the age of five and - even more alarming - is 100% preventable. Your swimming pool and spa should be a place of enjoyment and relaxation and not a place of worry. The solution, while simple, is often overlooked by pool users. The Monterey Park Fire Department would like to provide some very simple steps to make the summer safe and enjoyable for all.

Adult Supervision

- Assign an adult to supervise children in and around the swimming pool and spa. This is needed whether there is one parent or guardian present, or numerous adults present such as during a family

event or party.

- Maintain constant eye-to-eye supervision with children in and around the swimming pool and spa.
- Remove children from the swimming pool and spa area for any distraction such as a telephone call, use of restroom, etc.
- Issue the adult supervisor an item such as a whistle, bracelet, etc. to reinforce which adult is in charge of the safety of the children.
- Floaties or other inflatable flotation devices are not life jackets and should never be substituted for adult supervision.
- Maintain a clear view (no trees, bushes or other obstacles) from the home to the swimming pool and spa.
- Ensure any adult responsible for the children know the emergency services telephone number and also your location address in the event emergency personnel are needed to be called to the scene.

Barriers

- Have a fence enclosure that isolates your swimming pool and spa from the home, play areas, front and side yards and the neighbor's yard.
- Make sure all gates in the isolation fence are self-closing and self-latching.
- Multiple layers of barriers isolating the pool and spa from children should be installed. In addition to an isolation fence, one or more of the following safety features can provide the additional protection necessary:

- Approved swimming pool and spa safety cover.
- Approved swimming pool and spa alarm.
- Exit alarms on doors providing access to the swimming pool and spa.
- Keep all doors and windows leading to the swimming pool and spa area locked.
- Doors providing access to the swimming pool and spa equipped to be self-closing and self-latching with a release mechanism high enough to be out of the reach of a child.
- Perimeter yard fence provided with a self-closing and self-latching gate.
- All chairs, tables, large toys or other objects that would allow a child to climb up to reach the gate latch or enable the child to climb over the isolation fence should be removed or kept inside the fenced area.

Classes

- Learn how to perform Cardiopulmonary Resuscitation (CPR).
- Visit the American Heart Association website at www.heart.org to sign-up for a CPR class, learn lifesaving skills or to purchase an at-home training kit.
- Enroll your child in swimming lessons.

Pool safety should be the responsibility of everyone. Let's work together to make this summer incident free. Should you have any questions or concerns, please don't hesitate to stop by a fire station for additional information.

Update on the SR-710 North Project

Metro released the State Route 710 (SR 710) North Study Draft Environmental Impact Report/Environmental Impact Statement (EIR/EIS) in

March 2015 and is requesting public input to the proposed project. The 710 Freeway currently ends at the 10 Freeway interchange and the project would close the 4.5 mile gap between Valley Boulevard in Alhambra and the 210/134 Freeway Interchange in Pasadena. At the first two public hearings, the freeway tunnel received strong support.

The first workshops were held in March at East Los Angeles College in Monterey Park and at the Pasadena Convention Center. The workshops were well attended with 150 attendees in Monterey Park and over 200 in Pasadena. Elected officials, community leaders and residents spoke

passionately about the traffic congestion that has affected their communities for decades. Caltrans has been planning for the completion of the 710 freeway for 60 years and there was frustration that the project has been stalled for so long. Most attendees believed that the freeway tunnel would be the solution to reducing traffic on their neighborhood streets.

Opposition to the tunnel argued for other measures such as expanding transit services however the light rail alternative received the most negative response. The proposed light rail alternative would displace businesses and homes in East Los Angeles. There was concern for the loss of businesses that is essential to the livelihood of the local community. El Sereno residents were angry that their community is continually being unfairly burdened with the region's transportation problems.

The environmental analysis determined that the light rail alternative would actually

increase vehicular traffic in neighborhoods where the transit system would be constructed. While neither Caltrans nor Metro staff has stated a preferred alternative at this time, the EIR study concluded that the freeway tunnel would result in the fewest negative impacts.

The 120-day comment period for the EIR ends on July 6th. Comment letters should be submitted to:

Mr. Garrett Damrath
Caltrans District 7
Division of Environmental Planning
100 S. Main St., MS-16
Los Angeles, CA 90012

Comments can also be submitted online at: http://www.dot.ca.gov/dist07/resources/envdocs/docs/710study/draft_eir-eis/comments.php. More 710 project information such as documents, timelines and potential future meetings available on the Metro website at www.metro.net/projects/sr-710-conversations.

Illegal Boarding Houses

There has been an increase in the number of complaints from the community regarding illegal boarding houses, rooming houses and what some people may refer to as a residential motel. Individuals have taken single-family homes, condominiums and apartment units and converted them into a commercial enterprise whereby individuals rent a room or a place on the floor for overnight lodging. In most cases, there are many individuals residing under one roof far exceeding the number of people legally allowed to reside in a residential building. These short-term tenants may only stay for one night, a week, or even a few months and have little interest in the community or the welfare of its residents as these transient tenants do not participate in local government and community organizations that strengthen the city.

Due to overcrowding and health and safety concerns associated with illegal boarding houses, the City Council directed staff to prepare a code amendment to the Monterey Park Municipal Code that:

- Better defines what constitutes a Boarding House;
- Does not allow the establishment of a Boarding House in a single-family residential neighborhood;
- Only allows the establishment of a Boarding House in the multi-family residential areas of the city with the approval of a special permit referred to as a conditional use permit;
- Limits the number of bedrooms or sleeping rooms that may be rented to leased in a residential building;
- The enforcement action related

to an illegal boarding house may be prosecuted as an infraction or misdemeanor at the City Attorney's discretion;

- Any person (e.g., tenant, renter, lessee) may bring an action for injunction relief against the lessor and may file to recover actual damages against those individuals(s) (i.e., lessor); and
- Updates other parts of the Monterey Park Municipal Code to preserve the residential character of neighborhoods throughout the city.

Please contact the Community and Economic Development Department at 626-307-1415 if you have any questions regarding the new ordinance or wish to file a complaint on a prospective illegal boarding house

Sponsorship and Volunteer Opportunities to Support Special Olympics World Games Host Town Program.

By Kana Lee, Host Town Committee Chairperson

“Reach Up” Monterey Park! The Special Olympics World Games 2015 is less than two months away. On July 25th, 2015, the Opening Ceremonies will commence in Los Angeles welcoming 7,000 athletes from over 170 countries to compete in the World Games. These games will further the efforts of Eunice Kennedy Shriver, founder of the Special Olympics, to promote acceptance and inclusion of all people with intellectual disabilities. The Games will last through August 2, 2015.

Delegations will arrive four days prior to Opening Ceremonies and be joined with their respective host towns to become acclimated to Southern California weather and culture. On July 21, 2015, cities of Monterey Park and Alhambra will co-host a delegation of athletes, coaches, and staff from Germany. Both cities have been diligently planning all details of this arrival including accommodations, meals, travel, training, and entertainment.

The Committee for Host Town Monterey Park is planning an arts & music festival to celebrate our delegation through on July 23, 2015. A luncheon with international flair will be provided through the generosity of various local restaurants. Entertainment from groups such as, but not limited to, Taiko drumming, Hula, and cover bands will display the vibrant and

diverse culture and history of Monterey Park.

In partnership with Luminarias Restaurant, the Consulate General of Germany in Los Angeles will co-host a dinner for the entire delegation on the evening of July 23, 2015. Monterey Park will continue to showcase our culture through food and entertainment along with a formal flag presentation by Monterey Park Police Department and a Dragon dance performance.

The Committee is seeking support from community businesses and individuals. The budget set to host a delegate is \$100 per day. Sponsorship opportunities such as flag banners and other recognition is now available. Please contact Larry Sullivan: thsullivangroup@gmail.com. The committee is also selling bracelets at the City Clerk’s Office for \$5. Proceeds will benefit the Host Town Program, Special Olympics, and The Leo Clubs of Southern California.

The Special Olympics World Games 2015 is the biggest sporting event Los Angeles will host since the 1984 Summer Olympics Games of the XXIII Olympiad. Monterey Park has a history of involvement with welcoming the international athletic community having hosted field hockey at East Los Angeles College for the 1984 Olympic Games.

USDA Provides Free Meals to Children at Barnes and Garvey Ranch Parks

Summer is here and it’s time to think about keeping children healthy while school is out. The San Gabriel Unified School District (SGUSD) in conjunction with the U.S. Department of Agriculture (USDA) will provide free meals to children during the summer in Monterey Park.

The Summer Food Service Program (SFSP) was established to ensure that low-income children continue to receive nutritious meals when school is not in session. Free meals that meet Federal nutrition guidelines are provided to all children 18 years old and under at approved SFSP sites in areas with significant concentrations of low-income children.

This summer, meals will be served June 8 through August 7 at Barnes and Garvey Ranch Parks, Monday through Friday, from 11:30 a.m. to 12:30 p.m. Lunches will be served at the picnic shelters of each respective park. Any child under age 18 may come to eat. There are no income requirements or registration procedures.

Barnes Park is located at 350 S. McPherrin Ave., with the picnic shelter located near the southwest corner of the park at Harding and McPherrin Aves. Garvey Ranch Park is located at 781 S. Orange Ave.

To find other sites providing USDA summer food service, call 866-3-HUNGRY, 877-8-HAMBRE or visit www.whyhunger.org/findfood.

Each year the USDA partners with local organizations like the SGUSD to provide free meals to children when school is out for the summer. While this program uses city parks, the City of Monterey Park is not affiliated with the summer food program. For more information about the national Summer Food Service Program, visit www.summerfood.usda.gov.

State Imposes Mandatory Water Efficient Fixtures

Did you know that in 2009 the State of California passed a new law that requires water efficient upgrades to millions of existing homes throughout the state? Senate Bill 407 calls for any residential and commercial property built and available for use on or before January 1, 1994, to replace plumbing fixtures that are not water conserving. This Senate Bill went into effect on January 1, 2014 and affects 11 million single-family homes and buildings statewide.

The new law initially only affects home alterations and improvements, not repair and maintenance jobs. Alterations or improvements that trigger the new law's provisions include new room additions, or kitchen or bathroom remodels. In

contrasts, repair and maintenance projects such as new roof or siding, replacing water heaters or air conditioning, or upgrading electrical systems, would not activate the upgrade requirements for homeowners.

But time is running out. By January 1, 2017, all noncompliant plumbing fixtures in any single-family residential property built before 1994 must be compliant with water-conserving plumbing fixtures.

Please contact the City of Monterey Park Building and Safety Division at 626-307-1300 if you have any questions regarding the new water conservation requirements related to SB 407.

1,000 BOOKS BEFORE KINDERGARTEN
The library runs a year round reading program for children who have not yet entered kindergarten. The 1,000 Books Before Kindergarten program encourages parents and caregivers to read 1,000 books with their child before he or she enters school – a goal experts say helps prepare children to be successful readers once they enter school. Reading to children helps develop important literacy skills that provide a solid foundation for learning and academic success. This program has no end date except when a child enters school. For further information, please call the Children’s Desk at (626) 307-1358.

To participate:
1. Sign up at the Children’s Desk of the Monterey Park Bruggemeyer Library to receive a 1,000 Books Before Kindergarten reading log and tote bag.
2. Read together and write the titles on the reading log. If you read a book more than once, you can record it each time. Books read at library storytime, at daycare, or books that are read by others to your child also count!
3. After each 100 books, bring your reading log to the library to:
• Place your name on our giant Rainbow of Readers Board.
• Collect your next reading log.
• Receive a prize. Prizes include magnets, pencils, finger puppets, books, flashcards and other small incentives.

A Guide to the Night Sky

By Tre Gibbs, Los Angeles Astronomical Society

Summer arrives this month, specifically at 9:39 a.m. on Sunday June 21, Pacific Time. But that’s not the only interesting thing going on in June. Also happening this month is something called a “conjunction” between two planets - Venus & Jupiter - as they pair up together, and this is going to be spectacular.

If you have been sky watching at all this year, you may have noticed the brilliant planet Venus, high in the west after sunset. Venus has been so high in the western sky that even at 9:30 p.m. she’s still hovering just above the horizon. On the evening of the 6th, Venus will reach its highest point in our western sky and then she begins a quite rapid (relatively speaking) descent toward the sun’s glare as she continues her orbit around our star.

Fun Facts:

- Venus is the hottest planet in our Solar System, even

though Mercury is closer to the sun. This is due to the runaway Greenhouse Effect on Venus. Its thick carbon dioxide atmosphere traps in the heat, making the surface of Venus on average about 900 degrees F.

- Venus rotates slowly. VERY slowly. It rotates so slowly that it completes one around the sun faster than it completes one rotation on its axis, making Venus’ day LONGER than its year.
- Venus rotates in the opposite direction. On Venus, the sun rises in the west and sets in the east.
- Venus’ atmosphere is 90 times denser than Earth’s atmosphere. It’s so dense that if you could survive being placed on the surface, you would be instantly crushed to death.

You may have also noticed another, bright, star-like object slowly drifting closer to Venus, and that is the mighty planet Jupiter. Jupiter will continue to inch closer and closer to Venus in the coming weeks, until on the night of the 30th, the two will be so close, they will almost look as if they could be one bright object. This will continue the next evening, July 1 as well, as Jupiter slowly slips past Venus. Though over the next month, the two brightest planets will hang together in the western sky, since both are slowly descending into the sun’s glare, as they continue their orbits around the sun.

On the evenings of the 19th and 20th, the thin crescent moon will be joining Jupiter and Venus in the western sky just

after sunset. On the 19th, the moon will be just below Venus and on the next evening, the 20th, a slightly bigger crescent will be to the left of Jupiter, which is a great opportunity to watch how the moon moves slowly eastward night after night.

On the evening of the 28th, the waxing (getting bigger) gibbous (between half and full) moon rises around 5:30 p.m. with the quintessential ringed planet, Saturn. While Venus and Jupiter are extremely bright and therefore more obvious as planets, Saturn is so far away that it only appears to us as a non-twinkling regular “star”. The moon though, will be completely visible in our daylight filled sky. Even though Saturn is just to the right of the moon on this night, you’ll have to wait until it gets dark before the God of Agriculture makes his presence known. The two travel the sky together, east to west, all evening long, then the moon, moving slowly east will take another “moonth” or month, before it will be at Saturn’s side once again.

The Los Angeles Astronomical Society (LAAS) meets at Monterey Park’s Garvey Ranch Observatory every Wednesday night, rain or shine, from 7-10 p.m. All members are eager to answer your questions and let you have a peek through our 8” telescope, weather permitting. Feel free to contact us, we would love to see you there. Address 781 S Orange Ave, Monterey Park, CA 91755; www.laas.org; Facebook www.facebook.com/losangelesastronomicalsociety/; or phone 213-673-7355.

Wine Tasting Can Dissolve Your Enamel

By John Chao, DDS

Dr. John Chao, DDS

A new study suggests that wine tasting can be bad for your teeth. The Australian Broadcasting Corporation (3/25, Nancarrow) reports that a study from the University of Adelaide in Australia has shown that “just 10 one-minute wine tastings can bring a softening of the tooth enamel.” Researchers said that the “acidic levels found in wine were similar to those in orange juice,” and that people who taste wine, as opposed to simply drinking it, have an increased risk for tooth break-down because of the additional swirling of wine in the mouth associated with tasting wine, increasing exposure of wine to the tooth. The researchers advise frequent wine tasters use fluoride treatments to help protect their tooth structure.

This does not mean that you can’t ever occasionally go wine tasting. You obviously have to do a lot of wine-tasting to get a detrimental after-effect.

For the same reason that has to do with acidity, it is not advisable to frequently suck on lemons, oranges or anything else that’s acidic.

If you suspect there has already been chemical erosion of your front teeth, check with your dentist about what you should do to address the erosion and how to prevent future damage.

Citric fruits taken in moderation are beneficial

to your health in many ways, among which is that it is good source of vitamin C.

Another way you can lose enamel is over-brushing your front teeth. The back and forth motion with the hand brush can cause not only enamel erosion but also shrinkage of the gums. Receding gums is associated with the “long tooth syndrome.” This exposure of the roots of the teeth can give you can undesirable smile also.

Check with your dentist as to how you should brush your teeth correctly, without leaving plaque or over-brushing your teeth.

Mark Keppel girls basketball wins CIF regionals, advanced to State Championships

The Mark Keppel's Girls Basketball team, coaching staff, and family. Back row: (from left to right) Assistant Coach Krista Arase, Meredith Lew Tan, Viviana Garcia, Tiffany Lau, Head Coach Joe Kikuchi, Kylie Fujioka, Sophia Song, Tammi Matsukiyo, Assistant Coach Kevin Tanaka, and Assistant Coach Gino Torres and his son Nathan. Front row: (from left to right) Michelle Ojiri, Alyssa Lee, Emily Chan, Kelli Kamida, Lauren Saiki, Arin Lee, Kristin Koga, Katie Kuang, and Serena Chen.

Mark Keppel saw its girls basketball team go deep into the CIF State Division II tournament. For the first time in school history, the Lady Aztecs won the title of Southern California Division II Regional Champions and advanced to the State Championship game against Archbishop Mitty High School.

Undefeated in the Almont league and the number one seed in the Southern California Regional tournament, Mark Keppel has always been known for its stellar basketball program and a formidable lineup. Seniors Lauren Saiki and Kylie Fujioka signed to West Virginia University and CSU Monterey Bay respectively on April 15 to continue their basketball careers. Junior Sophia Song was named the Pasadena Star-News player of the year, while senior Kelli Kamida holds the state record for most three pointers in a single game at 17 three pointers. Mark Keppel had their greatest opportunity to show off their talent during their first appearance at the Southern California Regional final, which was broadcasted live on March 21 on the TWC Sportsnet Channel. After an intense game, Keppel took home the victory against Redondo Union, 48-44.

Despite a loss to Archbishop Mitty at the state final, the team still takes away much experience from this journey. "Staying focused and together as a team was crucial," junior Sophia Song said. "Not a lot of teams get to the end the way we did, and go all the way to the state championship so that experience was awesome."

Monterey Highlands celebrates 50 golden years

From left to right from the top row: 4th row: Assist. Supt. of Educational Services Dr. Gary Gonzales. 3rd row: Director of Special Education Michele Yamarone, Director of Accountability and Assessment Grace Love, Director of Secondary Education Brad Walsh, Coordinator of ELD Debbie Stone 2nd row: Asst. Supt. of Business Services Denise Jaramillo, Director of Elementary Education Janet Lees, AUSD Board Member Jane Anderson, Supt. Dr. Laura Tellez-Gagliano 1st row: Principal Dr. Debbie Kotani, Board President Adele Andrade-Stadler, PTA President Carla Holguin

Featuring a 50's themed celebration, Monterey Highlands marked its 50th anniversary with a plaque dedication ceremony and healthy "cake" made solely of fruit on March 5. Alumni, current and retired staff, parents, the Monterey Park Mayor, and school district administrators--some of whom taught at Highlands--joined the students. The event reunited many members of the Highlands family. School Board President Adele Andrade-Stadler, who attended Highlands as a child, congratulated the school, along with Board Member Jane Anderson, a retired Highlands teacher, who introduced the retired teachers. Among them was Lydia Chee whose daughter Pamela Wong now teaches second grade at Highlands. PTA President Carla Holguin presented the beautiful slate plaque to Principal Dr. Debbie Kotani while the crowd cheered. The plaque showcases this year's school achievements: California Distinguished School and National PTA School of Excellence.

The highlight of the presentation was the thousands of bubbles that everyone blew into the air at the end of the ceremony. As a nationally recognized Healthy School, yogurt parfaits were served to all students and fruit to staff instead of cake. This healthy option was met with enthusiasm. Student Audrey Jung said, "The yogurt parfait was yummy. I wish we could celebrate every year!"

After school, almost 500 participants came out to learn about healthy lifestyles at the PTA Community Health Fair. Parent volunteers educated attendees about exercise, the importance of breakfast and My Plate while passing out healthy food snacks. The fragrance of fresh popcorn wafted through the air as attendees visited information booths hosted by the LA County Public Health and the Monterey Park Farmers Market, Lions Club, Library, and Fire Department. Highlands FBLA student volunteers were on hand to help, including Jonathan Palomo and Manuel Holguin, who popped the free popcorn. Students enjoyed having their faces painted with fruit. For those who dared, LA Fitness provided body fat testing. Parents Dr. Rich Chung and Irene Del Valle gave dental advice and free toothpaste, while alumni Dr. Matt Chang checked posture. Students Adri Ho and Valerie Dao announced the winners of the free raffle. Prizes included a bicycle and vegetable plants donated by the American Heart Association, who also checked pulse rates. Students and adults competed fiercely in the hula-hoop and jump rope contests with K-EARTH 101 spinning the tunes. The free event ended with parents Cesar and Christina Duran demonstrating how easy it is to include fruit in a daily diet by making smoothies for everyone.

Overall, the day was one to remember as Monterey Highlands celebrated 50 years of healthy choices.

Northrup Middle School Career and College Day at Alhambra High School

Northrup students tour the Wood Technology class at Alhambra High School.

Remember when you were in eighth grade? You were about 13 years old. Do you remember if you had a solid idea about what to study in college, where to go, and what to do as a career? William Northrup Elementary School eighth grade students got a taste of what the future holds for them at Alhambra High School (AHS).

On March 19, Alhambra High School hosted a Career and College Day Fair for Northrup Elementary School eighth graders. Students explored the different Career Technical Education (CTE) classrooms, the high school campus, and learned about college. Career & Technical Student Organizations (CTSO) student leaders led the CTE class tours and demonstrated outstanding leadership and mentoring skills to the young visitors.

Following the campus tours, Northrup students met with professionals at the career fair. Students learned about different career industries such as finance, business, automotive technology, child development, engineering and manufacturing design, and graphic design. Representatives came from CHASE Bank, Kerechuk Motor Service, Graceland Christian Day Care Center, Fluff Ice, Chase Design Group, Northrop Grumman, and Specialty Equipment Market Association (SEMA).

Data collected from Northrup students' pre and post-tests were promising as well. Based on the data, there was a 12.9% increase in students who indicated they planned to pursue additional education/training after high school and a 12.3% increase in students' interested in taking CTE courses in high school.

"I was so impressed at the wonderful day that was planned by AHS for our Northrup eighth graders!" said eighth grade teacher Audrey Martin. "From start to finish, the students were engaged, entertained, and filled with reminders of the importance of a college education. They also received valuable input from many professionals on career choices that are available to them as they continue to grow and learn more about themselves and their preferences. AHS will be a great place for our students to develop over the next four years! It was a very productive, organized, full day, and the eighth graders (and teachers and chaperones, too) had a great time and felt very privileged to be there!"

The Career Technical Education Department would like to thank everyone who made the event a great success. Another Career and College Fair Day was held at the end of April at Mark Keppel High School.

For any questions, please contact Judy Huffaker, Career Technical Education Coordinator, 626-943-6990.

AHS Speech & Debate wins first in National Qualifier sweepstakes

The Student Congress squad of the Alhambra High School Speech & Debate Team was triumphant once again this year as it captured first place sweepstakes at the National Qualifier held at Gabrielino High School for the second year in a row. Also winning first place for the second year in a row was senior Annie Tran. Along with senior Alex Rinard who took second place, Tran qualified to represent the team at the National Championships in Dallas, TX later this summer. Senior Eddie Chang placed fourth. Commenting on her win, Tran said, "Qualifying to Nationals twice wouldn't have been possible without the motivation to continue the legacy former captain Anthony Zhu left behind." Pictured are from the left, bottom row: Eddie Chang, Alex Rinard, Annie Tran, and Coach Kevin Tong. Top row: Monica Phun, Matthew Chan, Devin Lu, Matthew Chiu, Preston Huang, Andy Chan, and Tiffany Chiang.

Fremont Elementary School students plant American Heart Association Teaching Garden to celebrate Earth Day

The Teaching Garden, which has been flourishing throughout Los Angeles, is part of an effort to fight childhood obesity and build healthier schools, families, and communities. Developed using American Heart Association science and nutritional guidelines as well as information from gardening and education experts, the program is a real-life laboratory where students learn how to plant seeds, nurture growing plants, harvest produce, and ultimately understand the value of good eating habits. Fremont's Teaching Garden Kick-Off celebration began with a ribbon cutting, garden dedication, and remarks by Principal Dr. Ignacio Muniz. Then students from transitional kindergarten to fifth grade transported soil, planted, and watered. Fremont School would like to thank the American Heart Association and its generous sponsors for funding the Teaching Garden.

SGHS Business and Technology Academy hosts farm-to-table event

April was a busy month for San Gabriel High School's Business and Technology Academy (BTA) who hosted a farm-to-table tapas reception for school and district administrators and students on April 24; and a Mentor Mixer for its juniors and seniors on April 30. The farm-to-table event featured a menu of Spanish tortillas, spiced almonds, smoked

salmon and herbed cheese, baguettes with mushrooms and basil pesto, strawberries with balsamic, blood orange olive oil and mint, and orange fennel infused water. Each tapas contained at least one product from the garden. There were also table decorations, bookmarks, and lip balm made with ingredients from the garden. The 5th annual Mentor Mixer

introduced BTA students to careers in the business and technology sectors. 夏日游泳池安全事項ABC

當許多人在游泳池旁享受美好一天時，安全永遠應該是至關重要的。在游泳池玩耍，不需要花快樂一天的多長時間，就會變得很危險。

溺水是五歲以下兒童的頭號殺手，而且更驚人的是—100%可預防的。您的游泳池和水療池應該是一個讓人享受和放鬆的地方，而不是讓人擔心的地方。解決方法雖然簡單，卻經常被游泳池使用者忽視。蒙特利公園市消防局願意提供一些非常簡單的步驟，讓所有人渡過一個安全和愉快的夏天。

成人看管

- 在游泳池和水療池周邊指派一個成年人看管兒童。必須要有一位家長或監護人在現場，或者有很多成年人在場，例如在家庭聚會或派對上。
- 在游泳池和水療池四週，監護人要保持注意力在兒童身上。
- 如在通話中，或使用洗手間等會讓人分心的情況下，讓孩子們遠離游泳池和水療區域。
- 為加強負責兒童安全的成年人裝備，給成年監護人派發類似口哨，手環等物品。
- 可浮懸或其它充氣浮懸裝置並不是救生衣，也不應該用這些裝置來代替成人看管。
- 從家到游泳池和水療池之間，要保持一個清晰的視野(沒有樹木，灌木或其他障礙物遮擋)
- 確保任何負責兒童安全的成年人知道緊急服務電話號碼，以及事件中您的所在位置，同時，也需要召集應急醫療人員趕赴現場。

隔離裝置

- 從房屋，遊樂區，前院和側院，以及鄰居的院子，到您的游泳池和水療池之間，要有圍欄隔離著。

非法寄宿之家

來自社區有關非法寄宿之家， 出租房屋和一些人所指的住宅旅館的投訴數量不斷增加。擁有單戶住宅，獨立公寓和公寓單位的個人，把其寓所改造成商業企業，讓個人租用一個房間或地板上一個位置來過夜住宿。在大部分案件裡，有許多人居住在同一屋簷下，其數量已超過法律允許居住在同一住宅建築物內的人口數量。 這些短期租客可能只住一晚，一週，或甚至幾個月，同時，這些暫住的租客不會參加當地政府和社區組織活動，支持城市，對這個社區或它的居民福利也不感興趣。

因非法寄宿之家而造成人口數量過度擁擠，並帶來健康和安全問題考量，市議會命令工作人員為蒙特利公園市法規準備一份法規修正案：

- 更好地界定何謂寄宿之家；
- 不允許在單戶住宅附近範圍內設立寄宿之家；
- 只允許在多戶住宅區內設立寄宿之家，並要有市政府因條件使用許可而批准的特別許可證明；
- 限制住宅建築物裡的可租用或租賃的臥室或睡房數量；
- 與非法寄宿之家有關的實施行為，將作為違法行為或輕罪，受到蒙市檢察院起訴和處罰；
- 任何人(如租客，承租人，租賃人)可能會帶來不利於出租人的禁令救濟行為，也可能會提出不利於個人(如出租人)的彌補實際損失的訴訟；和
- 更新蒙市法規的其他部分來維護整個城市街區的住宅性質。

若您對新條例有任何疑問，或想對將建立非法寄宿之家的住宅方面提出投訴，請致電626-307-1415，與社區經濟發展部門聯繫。

El Abecedario Sobre la Seguridad en la Piscina Durante el Verano

Mientras que mucha gente disfruta de un bonito día en la piscina, la seguridad debe ser siempre de mucha importancia. No toma mucho para que un día divertido se convierta en peligroso.

El ahogamiento es la causa principal de la mortalidad de los niños menores de cinco años y – aún más alarmante – es 100% evitable. Su piscina y spa deberían de ser un lugar de diversión y relajación y no un lugar de preocupación. La solución, aunque sencilla, es generalmente ignorada por los que usan la piscina. Al Departamento de Bomberos de Monterey Park le gustaría proporcionarles algunos consejos sencillos para que todos puedan tener un verano seguro y divertido.

Supervisión Adulta

- Asignar un adulto para supervisar a los niños en y alrededor de la piscina y spa. Esto es necesario así haya un padre o tutor presente, o numerosos adultos presentes tal como durante reuniones familiares o fiestas.
- Mantener constante supervisión directa con los niños en o alrededor de la piscina y spa.
- Sacar a los niños del área de la piscina y spa si hay alguna distracción, ya sea una llamada telefónica, si tiene que ir al baño, etc.
- Darle al supervisor adulto un artículo tal como un pito, brazalete, etc., para reafirmar cuál adulto está a cargo de la seguridad de los niños.
- Los flotadores u otros aparatos de flotación inflables no son chalecos salvavidas y nunca deben de ser sustituidos por la supervisión adulta.
- Mantener una vista despejada (sin árboles, arbustos u otros obstáculos) desde la casa hasta la piscina y alberca.
- Asegúrese de que el adulto responsable de los niños sabe cuál es el número de teléfono del servicio de emergencia y la dirección de dónde están en caso de que el personal de emergencia tenga que ser llamado a la escena.

Barreras

- Tenga una cerca que separe la piscina y spa de la casa, áreas de juego, jardines o patios delanteros y lados y de la propiedad del vecino.
- Asegúrese de que todas las puertas de la cerca puedan cerrarse y asegurarse automáticamente.
- Varias otras barreras para aislar la piscina y spa de los niños deberían ser instaladas. Además de la cerca, una o más de las siguientes medidas de seguridad pueden proporcionar la necesaria protección adicional:
 - Cobertura de seguridad aprobada para la piscina y spa.
 - Alarma aprobada para la piscina y spa.
 - Alarmas de salida en las puertas que proporcionan acceso a la piscina y spa.
- Mantengan todas la puertas y ventanas que conducen al área de la piscina y spa cerradas con llave.
- Las puertas que tienen acceso a la piscina y spa que están equipadas para cerrarse y asegurarse automáticamente deben de tener el mecanismo para abrirlas suficientemente alto para que no estén al alcance de los niños.
- La cerca en el perímetro del patio debe de tener una puerta que se cierre y se asegure automáticamente.
- Todas la sillas, mesas, juguetes grandes y otros objetos que pueden permitir que el niño pueda subirse y alcanzar el seguro de la puerta o treparse sobre la cerca deben quitarse o mantenerse dentro del área cercada.

Clases

- Aprenda cómo hacer la Resucitación Cardiopulmonar (CPR).
- Visite la red de American Heart Association en el www.heart.org para registrarse en una clase de CPR, aprenda técnicas para salvar vidas o compre un equipo de aprendizaje en casa.
- Registre a su niño en lecciones de natación.

La seguridad en la piscina debe de ser la responsabilidad de todos. Vamos a trabajar juntos para que éste verano esté libre de incidentes. Si usted tiene preguntas o preocupaciones, por favor no dude en ir a una estación de bomberos para obtener información adicional.

Pensiones Ilegales

Ha aumentado el número de quejas de la comunidad con respecto a pensiones ilegales, casas de huéspedes y lo que algunas personas llaman motel residencial. Individuos han convertido, casas para una familia, condominios y departamentos en empresas comerciales en las cuales personas alquilan una habitación o un lugar en el suelo para quedarse a pasar la noche. En la mayoría de los casos, hay demasiados individuos viviendo bajo un solo techo excediendo el número de personas legalmente permitidas de residir en un edificio residencial. Estos inquilinos de corto plazo pueden quedarse por sólo una noche, una semana o incluso por algunos meses y tienen muy poco interés en la comunidad o en el bienestar de los residentes ya que éstos transeúntes no participan en el gobierno local o en organizaciones comunitarias que fortalecen la ciudad.

Debido al atestamiento y a preocupaciones sobre la salubridad y seguridad asociadas con las pensiones ilegales, el Concejo Municipal ha ordenado que el personal prepare una enmienda al Código Municipal de Monterey Park para que:

- Defina mejor qué constituye una pensión;
- No permita la creación de una pensión en un barrio residencial de casas unifamiliares;
- Sólo permita el establecimiento de una pensión en las áreas residenciales multifamiliares de la ciudad con la aprobación de un permiso especial referido como un permiso de uso condicional;
- Limíta el número de dormitorios o habitaciones que pueden ser alquilados o arrendados en un edificio residencial;
- La acción legal relacionada con una pensión ilegal puede ser procesada como una infracción o como un delito menor a discreción del Fiscal de la Ciudad;
- Cualquier persona (p.ej., ocupante, inquilino, arrendatario) pueda ejercitar una acción de alivio de requerimiento judicial contra el arrendador y pueda entablar una demanda para recuperar los daños reales contra aquellos individuos (p.ej., arrendador); y
- Actualizen otras partes del Código Municipal de Monterey Park para conservar el carácter residencial de los vecindarios a lo largo de la ciudad.

Póngase en contacto con el Departamento del Desarrollo Comunitario y Económico llamando al 626-307-1415 si tiene alguna pregunta con respecto a la nueva ordenanza o si desea sentar una denuncia sobre una probable pension ilegal.

Recogida de Artículos Voluminosos, Muebles o Aparatos Electrodomésticos

- Artículos voluminosos que son muy grandes y no entran en el recipiente de basura tales como colchones, sofás, alfrombras, lámparas, cocinas, refrigeradores, sillas, pupitres, así como fardos de cartón u hojas de palmeras pueden ser recogidos por Athens Services el día que recogen su basura. No deje éstos artículos en la calle sin antes llamar para hacer una cita. Siga éstos tres pasos:
- Llamar a Athens Services al 888-336-6100 durante horas de trabajo por lo menos 24 horas antes de su próximo día de colección
 - Darle a Athens Services su dirección y la calle que la cruza, el día que recogen su basura y una lista de los artículos que van a recogerse. Athens también puede darle instrucciones adicionales
 - Poner afuera los artículos voluminosos que van a recogerse antes de las 6:00 a.m. su día de colección. Los artículos deben de ser guardados fuera de la vista pública antes de 24 horas de su día de colección. Por favor quitar o asegurar las puertas de todos los aparatos electrodomésticos para proteger a los niños.

Por favor tome nota de que Southern California Edison (SCE) actualmente está ofreciendo un reembolso de \$50 por refrigeradores y congeladores viejos que todavía están funcionando. Póngase en contacto con Servicios al Cliente de SCE llamando al 800-234-9722, (TTY 800-352-8580) para más información.

Siguiendo éstos consejos ayudará a mantener las calles de Monterey Park limpias y seguras.
